#41761P - #41763P

#41763P - 12"

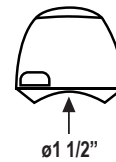

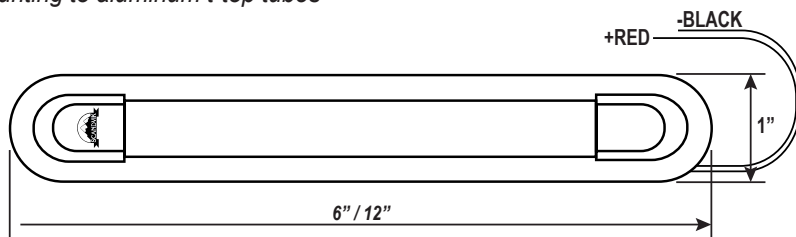

#41181

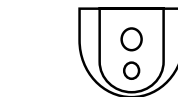

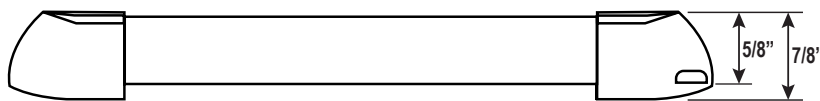

Included Mounting Bracket allows mounting to aluminum t-top tubes

#41761P - 6"

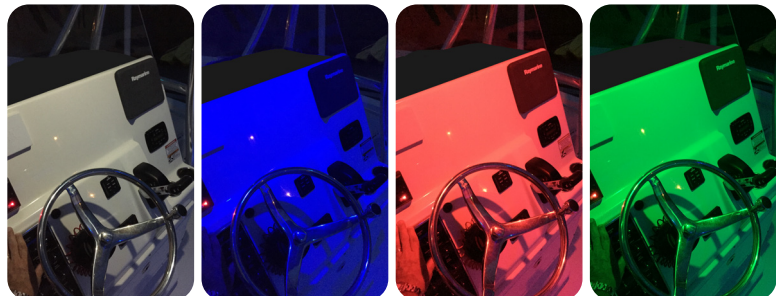

ø1 1/2"

Pipe mounting bracket for 3/4" to 1 1/2" diameters

Scandvik's New **6" and 12" RGBW+ Color Change LED Rail Light** with class leading output, sealed weatherproof construction is a favorite amongst boatbuilders. Intelligent circuitry allows color changing without specialized switches or controllers. Simple 2-wire connections with any on/off switch is all that is required to cycle from White to Blue to Red to Green. Switch off for more than 4 seconds resets the color to white. Light also has a Dynamic Color-Change Fade setting in the last sequence that allows the light to cycle through a range of colors on its own. For surface mount or T-top and Bimini top applications. Includes rail mounting brackets for 3/4" to 1-1/2" diameters

- ✓ IP65
- ✓ 10-30VDC
- ✓ 9 PCS RGBW LEDs (6")
- ✓ 24 PCS RGBW LEDs (12")
- ✓ Cool White, Blue, Red, Green,  
+Dynamic Color-Change Mode
