Water Connection: Flexible supply lines with 1/2" NPS-F fittings

Material: Chrome plated brass

Mounting Hole: 1-1/2"

Shipping Weight: 5 lbs

575.00 / 258.75

#10580 Folding Square Spout Tap

The combined success of our Folding Ceramic Family and our Square Geometric Family, we introduce a combination of the two families, the Piato! Built on the platform from the Folding Ceramic Family, we have added the square spout from the Geometric Family and created the Piato. A ceramic valve cartridge, for drip free service, is mated with a chromed brass knob for precision performance.

The combined soft but definite shape, make the Piato suitable for most modern interiors of today's boats. Folds fore and aft. Does not swivel.

Water Connection: 3/8" BSP-M threaded shaft, 1/2" NPS-M adapter included

Material: Solid brass with chrome finish body, chromed brass knob

Mounting Hole: 5/8"

Shipping Weight: 3 lbs.

360.00 / 162.00
